PROFILE

With a Bachelor's degree in Multimedia Software Development and a strong passion for UX/UI design. Skilled in Adobe Creative Suite, including Photoshop, Illustrator, Figma, and XD, with experience in image manipulation, interface design, user experience, and vector graphics. My degree strengthened my understanding of both design and technology, helping me pursue a career focused on creating visually compelling and user-friendly digital experiences. I thrive in collaborative environments, value constructive feedback, and bring strong organisational skills, attention to detail, and a problem-solving mindset to deliver high-quality work within deadlines.
